

Natural Gas Governmental Aggregation Programs Frequently Asked Questions (Canfield Township - September 2010 Update)

What are Governmental Natural Gas Aggregation Programs?

Governmental Aggregations allow an entire community, or groups of communities, to join together to form one large buying group. Once voters authorize an aggregation, elected officials are then permitted to shop for natural gas on behalf of their residents and small businesses.

What are the Benefits of Gas Aggregation?

As a large buying group, residents participating in an Aggregation have more buying power. The aggregation is in a better position to negotiate favorable pricing and supply terms than what could ordinarily be achieved by any one individual resident.

What are the different types of Aggregations?

In Ohio there are two types of Aggregations. A community may conduct an "Opt-Out" program or an "Opt-In" program. With Opt-Out programs, each eligible resident is automatically enrolled in the program unless they notify the supplier that they DO NOT wish to participate. With Opt-In programs, each resident must notify the supplier to actively enroll in the program. Opt-Out Aggregations are the most common types of aggregation programs, because they result in higher participation that usually results in lower rates.

What does a community need to do to become an Aggregator?

For starters, a community must obtain the approval of voters to form a natural gas aggregation program. Community leaders are then permitted to proceed through a series of steps to become certified by the Public Utilities Commission of Ohio as a Governmental Natural Gas Aggregator.

What are the key steps in an Opt-Out Aggregation?

With the assistance of a PUCO certified consultant, a community seeks bids from Certified Retail Natural Gas Service Providers. A qualified bidder is selected to supply the aggregation with its gas for a set period of time. An "Opt-out" notice is sent to each eligible community resident prior to the start of the aggregation. Each resident has 21 days from the postmarked date on the notice to contact the supplier to withdraw or "Opt-Out" of the program. After the 21-day period, any resident not opting out will be submitted to the utility company for enrollment in the program. The utility company will send notice of the pending enrollment to each participating resident. Each resident will then have 7 days to rescind their enrollment in the program by contacting the utility company. After the 7-day rescission period, all participating customers are officially enrolled in the program. The new supplier will appear on your natural gas bill within one to two billing cycles after enrollment is verified by the utility.

Whom do I call if I have a problem with my natural gas service?

Canfield Township has two utility companies operating in our community. Dominion East Ohio (DEO) serves most of our residents and Columbia Gas of Ohio (COH) a lesser number. You will need to know which company delivers your natural gas. This information can easily be found by looking at the gas bill that comes to your home or business. DEO/COH will continue to deliver your natural gas and maintain the pipeline system that brings it to your home or business. You will continue to call DEO 1-877-542-2630 (COH 800-282-0157) for emergency repairs or gas leaks. For non-emergencies such as billing questions, service turn on or turn off, call DEO 1-800-362-7557 (COH 800-282-0157).

Who is the natural gas supplier for the Township's program?

Vectren Source with headquarters in Evansville, Indiana recently won a competitive bid process and will be replacing IGS Energy as our program's supplier through the November 2012 bill cycle. Vectren Source is certified by the Public Utilities Commission of Ohio, and currently supplies customers and governmental aggregation programs across Ohio.

What is my price for gas?

Participating residents in the Dominion East Ohio service territory will pay a low rate of \$5.9886/Mcf and residents in the Columbia Gas of Ohio service territory will pay a rate of \$0.68446/Ccf. These rates are in effect for all gas consumed during the twelve months November 2010 through October 2011. Vectren Source won a competitive bid process and will replace IGS Energy as the program's supplier. This rate compares very favorably to offers residents can find on their own and unlike many offers, our program has no penalty if you decide to leave early.

Will it cost me to join the program?

No. Enrollment in the program is free and you need not take any action. You only need to be eligible to participate. Please refer to the eligibility criteria shown below.

Is everyone eligible for automatic aggregation into the opt-out program?

No, by law there are certain limitations on eligibility. Newly eligible residents or businesses must be located within the community limits and have received an opt-out notice from Vectren Source. Here are the criteria for new member eligibility:

1. Your local utility company must be Dominion East Ohio or Columbia Gas of Ohio;
2. You must not have chosen a supplier on your own;
3. You must be a resident or business owner located within the community limits;
4. You must not be a PIPP (percentage of income payment program) customer;
5. You must not be in arrears on your bill payment; and
6. You must not be a mercantile customer (natural gas commercial accounts using over 500 Mcf/year)

Does our community benefit from the program?

Yes. Our eligible community-owned facilities will be included in the program.

How long is the program?

The community's governmental aggregation program can go on indefinitely. The new offer from Vectren Source is for two years and will end with your November 2012 billing period.

What if I don't want to participate?

While most residents will remain in, and benefit from governmental aggregation programs, the choice is up to you. If you do not want to participate you will have 21 days in which to return a reply card to Vectren Source or call them toll free at 1-800-608-8510. If you fail to do that, Vectren Source will continue to serve you or enroll you as a new customer. For new customers, DEO will acknowledge the enrollment and send you a confirmation letter reminding you of the pending switch. That letter will mention that you can cancel the switch by contacting DEO within 7 days.

Will I get two bills?

No. For your convenience, you will continue to receive only one bill from DEO/COH. It will show DEO's/COH's delivery charges and the supply charge amount owed Vectren Source. DEO/COH continues to read your meter, issue monthly bills and responds to all service calls.

Can I remain on budget billing?

Yes. If you are on budget billing you will remain on budget billing.

Can I exit this program without penalty?

Yes. A very attractive feature of our program is your ability to leave free of charge at any time for any reason. There are several "formal" opportunities to take yourself out of the program. First, when an offer is presented you will have 21-days to opt-out by returning a card to Vectren Source or making a toll-free phone call. If you do not opt-out DEO/COH will then send to new members a confirmation notice giving you 7 more days to cancel the switch. Furthermore, by law, you will be able to leave without penalty at least every two years. If you would like to leave the program at any time, simply notify Vectren Source at 1-800-608-8510.

My friend lives in a nearby community and has a different rate from Vectren Source than mine. Why?

Natural gas prices are highly volatile. Market rates change often and quickly. Price differences between communities will vary based primarily on the contract term and the dates on which pricing was secured for the community.

Can I enroll if I do not receive an Opt-Out notice?

Yes. During the initial enrollment, any eligible resident that does not receive an Opt-Out notice or solicitation letter may contact Vectren Source directly to enroll in the program. You can also enroll online at:

DEO customers: www.getnaturalgas.com/deocanfieldg

COH customers: www.getnaturalgas.com/cohcanfieldg

Can I enroll after the initial enrollment period?

Vectren Source will always try to accommodate residents should they wish to enroll after the initial enrollment period. However, Vectren Source reserves the right to decline late enrollments depending on market conditions. If the enrollment period is still open, you can call Vectren Source or enroll online at the web addresses shown above.

Can I enroll even if I currently purchase my gas from another supplier?

Yes. Vectren plans to mail solicitation letters to residents who are not eligible for automatic aggregation via the opt-out process. Before you sign up, you should check to see if your current supplier charges an early termination fee. All residents should check the terms and conditions of their current contract for more information.

What happens if I'm part of the program and I move?

A resident moving within the same community can stay in the aggregation by providing Vectren Source with their new address. If a resident moves out of the community or does not provide Vectren Source their new address, their participation will end and no early termination fee will apply.

Is this related to our community's electric program?

The programs are similar but totally independent. The electric and gas programs have different suppliers and are on different time lines. You do not have to belong to one to participate in the other.

This sounds complex is our community qualified to handle such a program?

We have retained Independent Energy Consultants, Inc., a PUCO certified broker and aggregator of natural gas, without using any taxpayer money. They have designed, implemented, and administered similar successful gas and electric programs that impact over 100 communities across Ohio. We will have their assistance and that of Vectren Source throughout the program.

These FAQs help but I still have a question?

If you have additional questions please call Vectren Source at 1-800-608-8510, weekdays, from 8:00 a.m. to 8:00 p.m. EST. For general information on natural gas deregulation in Ohio, you can also visit the Web Sites of the Ohio Consumer's Counsel (www.pickocc.org), or the Public Utilities Commission of Ohio (www.PUCO.ohio.gov). **Please do not contact our offices. We are pleased to have made this program possible, but are not prepared to handle calls.**
